FROM THE HELM

At the NSCA Annual Meeting held on May 16, the Election Committee announced the results of the vote held to elect three new Directors. Roy Dohner, Marilyn Moon and David Ontiveros join Gretchen Rask and me as your Directors for the 2006 – 2007 term year. We have inherited a challenging agenda from the prior Board.

I want to thank Don Baer and Sid Kahn for entering their candidacy for the Board of Directors. It is important to the community that there be more candidates than vacancies to fill so that homeowners have choices.

Three members of the old Board of Directors are going into “retirement” – Jerry Milner, Dick Johns, and Don Johnston. The new Board, the homeowners and residents of Niguel Shores thank them for their long and dedicated service. Jerry has served as President of the Board on four different occasions since 1997. Dick has served on the Board for four consecutive years. Don, after serving as a Board member in the past, filled an unexpired term; he will continue to serve as the Community Center Revitalization Committee Chairman. They will be missed.

MAY 16, SPECIAL GENERAL SESSION

► Board conducted Open General Session with Homeowners; approved (20) and tabled (6) proposed rule changes.

MAY 16, ANNUAL MEETING AND ELECTION

► Conducted Annual Election and elected three new Board members.

► Announced Gerlinde Duffy as the recipient of the 2006 DOROTHY DUDLEY AWARD.

Note: For those wishing further information, full copies of the general session minutes are available in the NSCA office.

FROM THE HELM *continued*

I suspect their volunteer efforts on behalf of Niguel Shores will not end.

At the organizational meeting held on May 16, 2006 after the Board election, I was elected President; Roy Dohner, First Vice President; Dave Ontiveros, Second Vice President; Marilyn Moon; Secretary, and Gretchen Rask, Chief Financial Officer.

All homeowners were sent copies of the recommended changes and additions to the existing *Rules and Regulations* of the NSCA. At an open Board Meeting held on May 16, twenty Rule changes were approved and, in response to homeowners' comments, six Rules were tabled for future review. In this edition of the *Seashore News* there is a packet containing these approved changes. Please place this packet with your copy of the *NSCA Rules and Regulations*.

The Recreation Committee is again sponsoring summer BARBECUES on NSCA's beautiful Beach Bluff. See you there!

George Evans
NSCA President

ANNUAL GARAGE SALE SATURDAY, JUNE 17 9:00 am to 1:00 pm

Participants: Call or see office to register address, 493-0122.

Garage sale map will be printed on Friday, June 9. Salvation Army will pickup unwanted items on Monday, June 19 for all those requesting the pickup at their home.

COMMUNITY CENTER REVITALIZATION

The Revitalization Team met with the architect on May 16 to review the final proposed design of phase 2, the office complex. The plan included minor changes recommended during the last meeting and included exterior color renderings. Samples exterior were also provided.

A color rendering of the North and South Elevations, as well as the office floor plan is included with this publication.

After careful examination, the Team unanimously accepted the design as final and directed the architect to proceed with the development and structural phase of design. Considerable additional detailed design work will be required after this step.

The plans were submitted to the ACC for comment and direction. They held a special meeting for this review and authorized the erection of story poles on the site, so owners can get an overview of the site position and sizing.

The renderings are available for viewing in the office window and on the inside wall of the multi-purpose room.

We will be meeting with the City and the Fire Authority as the next step in obtaining permits. Demolition remains targeted for October.

MEET YOUR NEIGHBOR

"Niguel Shores is like my family". This is how Ivy Hsia, feels about her 'home away from home'. Ivy is the senior member of the Niguel Shores office staff. She has been the Controller for the past 20 years. Responsible for paying our bills, compiling information for the Board's budget decisions and implementing the fiscal decisions of the Board, she is a key member of the team. For a little respite from crunching the numbers, Ivy enjoys hiking and camping with her husband and visiting with her daughter, a student at UC San Diego. Ivy is a charming, friendly lady. Let's hope she stays with us for another 20 years.

Niguel Shores would like to bid a fond farewell to Eva Curtis. We thank her for all of her hard work and would like to wish her well in her future endeavors!

COMMITTEE REPORTS

COMMUNICATION

There are three avenues of communication between the staff, the Board and the members and residents of Niguel Shores. One is the *Seashore News*, which comes to your door once a month. Another is the Niguel Shores Web site niguelshores.org, which is available 24/7 by computer. The last is the Homeowners' Open Forum which is held on the third Wednesday of each month, during the open Board meeting. A possibility for a fourth avenue is under consideration, and that is e-mail. With e-mail contact, information from the Board or from Management to residents and members of the Association could be quicker and cheaper than by U.S.P.D. Your input is requested as to the desirability (or not) of this.

The Communication Committee would like to invite anyone interested in being a reporter for the *Seashore News* to make himself or herself known to the office. This could be a roving reporter or someone assigned to a "beat". There are no age limits, just interest and ability.

FINANCE

The Finance Committee is currently campaigning for new volunteers in order to fill two empty slots. And no, it is not because we are undesirable.

One member will be traveling or at a second home the majority of the year, so he felt he should resign. Perhaps we can get him back on the committee later on. Another member is sliding over to the maintenance committee due to the election of Roy Dohner and Dave Ontiveros to the Board and subsequent departure from the Maintenance Committee.

The Finance committee is actively involved in the budget process, the reserve fund analysis, the daily operating expenses, and new and ongoing contracts. It is a team effort, so people of expertise in all these areas are needed.

Please call Marcy McNulty at 487-2308 or speak to a member of the board if you are interested.

ARCHITECTURAL CONTROL

If your home has a zero lot line and you need to access your easement for repair of your property, please talk to your neighbor first, giving the time your contractor is available and the scope of the work to be done. Most neighbors will cooperate. If the owner of the neighboring property is an absentee owner,

have the office contact the owner. If your neighbor does not cooperate, you should then write a letter with the above information. If you still do not get any results, you will need to fill out a *Home Owner Request Form*, available from the office or on the Niguel Shores website, at www.niguelshores.org and send it to the Architectural Control Committee. We will contact the homeowner for you. If we have no success, we will direct the problem to the Board of Directors for a hearing and possible fine.

LANDSCAPE

For those of you who live either on the top or the toe of a slope, please take a moment to refresh your memory regarding our community guidelines that apply to slope plantings. Also, on association property, no planting or trimming of existing landscaping is allowed. Tapping into an association irrigation system for your personal use, is never allowed.

4113 Slope Plantings:

"No tree or shrub growing on a slope shall be allowed to grow higher than three feet above the top of the slope or bank, unless such height does not unreasonably interfere with views from any other lot. No planting shall be permitted to remain on any slope which might damage or interfere with established slope ratios, create erosion or sliding problems, or interfere with established drainage functions facilities."

MAINTENANCE

- ▶ Picnic tables on Beach Bluff – have been refinished.
- ▶ Stonehill gate and wall – damaged gate has been replaced and the damaged wall has been painted.
- ▶ Entrance aprons at Cassandra and Taranto Bays – after several rain delays, construction completed.
- ▶ Community Center Renovation project – preliminary plans submitted to Architectural Control Committee.
- ▶ Street overlay project – commencement is pending final agreement with SCWD and coordination with Headlands in regards to the underground sewer installation by the SCWD.
- ▶ Water Remediation project – construction of new drainage trench begun on Magellan, which will handle overflow of underground water in that area.

Committee Reports continued on page 4

COMMITTEE REPORTS CONTINUED:

▶ Water Irrigation Task Force – computer mapping by AutoDesk pending, and sensor controlled system proposals are under review.

▶ Handicap pool entrance gate – investigating the installation of a motor to open and close the gate with automatic shutdown if the gate touches anything while opening or closing.

Replacement of signage at Garibaldi, Manta, and Breakers Isle – signage received and installation is underway.

▶ Emergency plans for pedestrian and automobile entrance gates during power outages – consultant's recommendation pending.

TRAFFIC AND SAFETY

• Parking Citations: Remember, the streets in Niguel Shores are subject to the California Vehicle Code. Citations are being regularly issued for parking on the sidewalk, in front of fire hydrants and in front of trash receptacles on trash day.

• *Rule 6405-Overnight Parking*: the Security patrol will be citing resident vehicles and/or guest vehicles with no visible identification parked on the street between 1:00 am and 6:00 am in violation of this rule. Multiple offenses could result in the vehicle being towed away.

• Bar Code Reader at the Entry Gates: Residents are complaining that the Bar Code Reader is failing to activate the gate arm. Here are some examples of why that may be happening to you.

– Passing the reader TOO fast. Try slowing down as you pass.

– You may be TOO close to the reader reducing

the viewing range. Try passing farther from the reader.

– The sun may be causing the reader a problem. There are certain times of the day that the sun shines into the mechanism and there is nothing we can do. This is especially true for the Mariner, Selva and Cabrillo Isle gates this time of year.

– Be sure that the gate arm is fully down before you activate the system. This is especially true for the Mariner gate.

RECREATION

Are you interested in investment ideas...sources...opinion? The Recreation Committee is sponsoring a meeting at 10:00 am on Tuesday, June 13, in the Multi-purpose Room to investigate the formation of a club to share knowledge. Contact Don Beaver at 493-7430.

SEA TERRACE PARK

On Wednesday, June 7 the Dana Point Planning Commission will take the first step towards the completion of Sea Terrace Park. The plan being recommended by the sub-committee will have rolling hills, trees, walkways, picnic tables and two overlooks. If you walked through the park in the past week, you probably noticed that the tunnel is being painted. The circle in front of the tunnel will be paved and re-landscaped. While some grading may be done in the near future, the main work will begin in the spring of 2007 and be completed in the fall. Areas within the park have been set aside for a new library, a play yard, a picnic area, a rest room and extra parking. These will be completed as money or grants become available.

CLUB NEWS

MENS CLUB

The Mens Club of Niguel Shores meets the first and third Tuesdays of each month at 8:00 am in the multi-purpose room. Each meeting includes a "homemade" breakfast, excellent fellowship, a short business meeting and an interesting guest speaker.

Because of the Primary Election on June 6, there will be no Mens Club meeting. Do get out and vote for your favorite candidates.

On June 20, our guest speaker will be Olympic swimmer, Brian Goodell. Hear a local Orange County swimming champion tell of his long training and of

the end result of winning gold medals in the 400-meter and 1500-meter Freestyle events at the 1976 Summer Olympic Games in Montreal, Canada. He will bring a film of his successful win and his gold medals will be on display.

We invite all men of the community to hear our speakers and consider participating in the Mens Club meetings, golf, and many other outside activities. If you are not a member, please come and visit us. Be our guest and sample the fellowship.

A sign-up sheet will be available for the Beach Bluff BBQ on July 17. Installation of new officers will take place then.

If rose leaves have what resembles little green caterpillars, feasting on the under sides, leaving only the veins, Rose Slugs are the probable culprits. They are the larvae stage of the Sawfly insect. Treat organically, only using chemicals as a last resort. Remember to treat the infestation in the early stages for the best effect.

Residents interested in joining the Garden Club, may contact membership chair person, Debbie Hanson at 493-7315 for more information.

Happy Gardening!

For Your Information

NEW NIGUEL SHORES INFORMATION GUIDE

The updated version of the Niguel Shores Information Guide is now on the Website at www.niguelshores.org. For those who do not have Internet connection, you may request a copy in the Association office. Make sure you have access to this important and valuable guide for all homeowners and tenants that includes Niguel Shores policies and activities, useful phone numbers for local services, and recreational and administrative information.

VOICE OF THE PEOPLE

Letters are welcome and limited to 200 words, typed if possible, including name, address and phone number of writer. Refer to NSCA Rule #5221,2,3. Submissions are due on the 17th of the month except in Feb., Nov., and Dec. when due on the 15th of the month.

We want to remind the residents of Niguel Shores that the speed limit in a residential area is 25 mph. We watch cars traveling on Halyard, Niguel Shores Drive and Windward, full tilt at 40 – 50 mph. I can't think of a bigger sign of total disrespect for your neighbors and this community than to drive through our residential streets at excessive speeds. There are dozens of families with small children. As parents we are aware of the hazards on our streets and all of us go to great lengths to be very careful moving our children from our houses to our cars. However, you just never know when one is going to dart out in the street after a ball. I am confident that an individual in a 3/4 ton Suburban, on a cell phone, will not have the ability to react in time if he or she is speeding. Please be extra careful when you travel on Halyard and Windward and make an effort to keep your speed at 25 mph or less. I realize that Halyard and Windward are used to get to the Selva Gate. Just please keep in mind the children. Don't endanger their safety in order to save 30 seconds.

The Ackermann Family

I feel privileged to join the ranks of other DOROTHY DUDLEY Awardees and appreciate your nomination.

Gerlinde Duffy

At the open board meeting last month, the candidates for the board positions were on the agenda to talk about their qualifications. I was appalled at the sparse attendance. Less than one percent of Niguel Shores homeowners showed up. What does this say about our involvement in the activities of the board? It was an embarrassment to board members and to the candidates to be asked to speak to an audience of about twenty. What does it take to get members to participate in their association's activities? There ought to be a turnout of at least 100, not twenty. This is very worth thinking about and coming up with some ideas on what can be done.
